Greetings from CFT,

We are in the process of electing new site council members to our CFT Site Council Team. The Site Council is the primary steering committee in all Oregon schools, whose main role is to assist the school in providing the highest quality instruction to our students. Every year we design a Continuous Improvement Plan or CIP, that lays out professional development and/or activities that will take our school to the highest possible level.

If this is of interest to you, please come to the front office at CFT and pick up a nomination application and return it to the school no later than February 2nd. Following that window of time, we will have a ballot to vote on three site council parent members for this calendar year. The voting window will be from February 3rd through the 9th.

We currently have three parents serving that will be on the ballot, but we do not want to exclude any interested person. It is however an elected position so applying does not guarantee acceptance into the Site Council. Furthermore, our teachers and classified members of the council will be voted upon by their peers.

Have a wonderful weekend and come on in if you are interested in running for site council!

Kirk Sherrill  
Principal of CFT
