Moolala Pays Money on 5 Levels!

The Moolala PayMatrix is an exciting rewards program where you can earn money by simply referring your friends to Moolala.

To start with, we'll pay your school or organization 2% of the deal value on any purchase you make. Then, if you refer friends, we'll pay you 2% of the deal value your friends buy. But it doesn't stop there. You'll also receive 2% on any deal your friends' friends purchase, and your friends' friends' friends purchase, and your friends' friends' friends' friends purchase. It's a 2% 5-level rewards system. And these aren't one-time referral fees. As long as people in your PayMatrix are buying deals, we'll keep paying you - forever.

What a great way to earn something as you help your friends get great deals, too!
